The screenshot shows the OWCP Connect website interface. At the top, there is a blue header with the United States Department of Labor logo on the left and the OWCP logo on the right. The text in the header reads "United States Department of Labor" and "Office of Workers' Compensation Programs". Below the header, there is a navigation menu with links for "Login", "Account Registration", "Reset Password", "Change Email", and "Help". The main content area is divided into three columns. The first column is titled "About OWCP Connect" and contains text about the system's purpose and identity proofing process. The second column is titled "Account Registration" and contains text about creating a new account, a warning message, and a disclaimer. A red box highlights the word "here" in the text "click [here](#)", and an orange arrow points from the "Login" link in the navigation menu to this box. The third column is titled "Login" and contains a form for entering an email address and a "LOGIN" button, along with a "RESET PASSWORD" section.

### OWCP Connect

#### About OWCP Connect

OWCP Connect allows users to prove their identity and create an account for communication with OWCP's various self-service applications. It is a centralized identity-proofing system used to create credentials for a user, and then to authenticate the credentials for login.

Identity proofing is accomplished by validating the user's information entered in the Account Registration process against secure Credit Bureau data. Once the user's identity has been verified, their account can be created.

At this time OWCP Connect is only being used to authenticate new users to FECA's Claimant Query System (CQS). You must be the injured worker and have an existing OWCP Case File Number to access FECA's CQS. If you are not the injured worker/claimant you will not be granted access.

**A Note About Data Security**  
OWCP takes information security very seriously. We are aware of
